### Charles Roach

*Charlie's "Roach Approach" horsemanship brings 40+ years of experience to help students improve communication, and deepen their relationship with their equine partners. As a professional farrier, trainer, and former law enforcement officer, Charlie melds horse and human psychological and physical elements to drive a deeper understanding of horse and human partnership. Though Charlie has an affinity for the TN Walking Horse, his methods apply to all horses and disciplines. As Charlie says "no matter where you are in your horsemanship journey, I am either beside you, have already been there, or I am attempting to arrive. So let's come together to make dreams a reality".*
