## Stallion Breeding Reports

1. Stallion reports cover the period from September 1st through August 31st each year. The report must be postmarked from the country of origin no later than October 1st each year. It is the responsibility of the stallion owner or his authorized agent to see that the form is postmarked by this deadline. If a mare has been omitted from a Stallion Breeding Report which was filed in a timely fashion, she may be added for a fee of \$15.
2. A penalty of \$100 plus regular fees will be assessed in the event of late filing.
3. The stallion report must be in the Association office before any foals of the breeding year will be registered.
4. All mares bred, listed by their registered names, complete with their registration numbers, as well as last breeding date will be required.
5. Indicate with the letter A, FS, N, P or S whether the mare was (A) artificially, (FS) frozen semen, (N) naturally, (P) pasture, or (S) if shipped semen is used. If pasture bred, give the dates the mare was put in and taken out of the pasture.
6. In the last column, stallion owners and authorized agents, please take notice: by marking "Y" in this box, registration for a foal resulting from the noted breeding without your written signature will be allowed by TWHBEA. TWHBEA takes no responsibility for the non-payment of stud fees.
7. Refusal by any stallion owner to comply could result in the loss of privileges in the Association.
8. Stallion Breeding Report On Time 1 - 10 mares \$25, 11 - 25 mares \$50, 26 - 50 mares \$75, over 50 mares \$100, filing fee for members per stallion.
